

Hear what our alumni are saying:

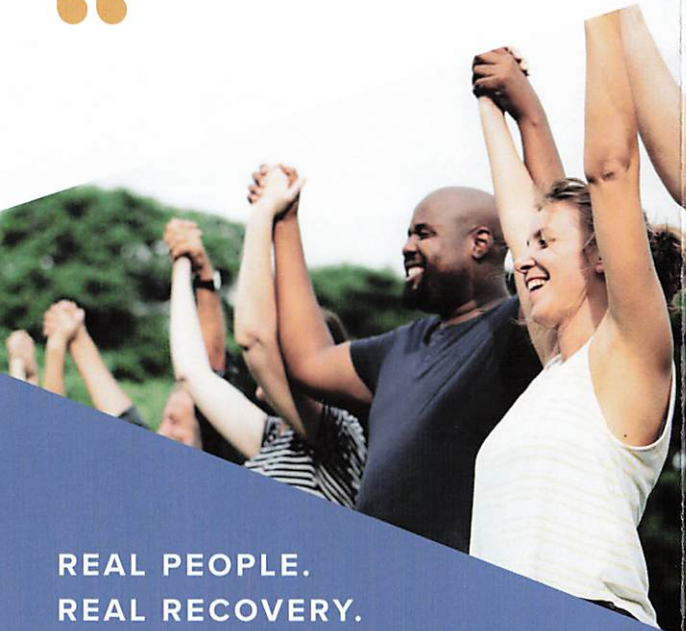

"The staff never gave up on me, even when I had given up on myself. They believed in me and did whatever they could to help launch me forward."

"RCA helped me restore my self-worth and self-esteem. Coming here was the best decision I've ever made and I would choose it over any other program, time and time again."

"You'll be cared for, supported, encouraged, and leave feeling equipped to navigate and maintain long-term recovery."

FOUNDATIONS OF RECOVERY

Our Foundations Pathway is for anyone receiving inpatient treatment for the first time, and focuses on learning about addiction and available resources.

FRESH START

Our Fresh Start Pathway is for those who have tried treatment before, but need something new. It focuses on past successes and failures to chart a course towards meaningful recovery.

BALANCE

Patients in our Balance Pathway are suffering from addiction and one or more mental or medical conditions. We provide psychiatric and other services to address the underlying issues.
